

With Kraftform handle, fully insulated (reduced blade Ø)

Version: The **Kraftform handle** made of high-impact plastic **with integrated soft zones** facilitates torque transmission and thus protects hand and arm. Blade made of high-alloy special steel with taper tip, zinc phosphated.
Reduced blade diameter with integral protective insulation for deep-lying screws and spring elements (blade Ø = insulation Ø in the front part of the blade).

new Size = Tip width (b) mm		3,5	4	5,5
63H	66 3200 Wera Electrician's screwdriver fully insulated with Kraftform handle	XXX	XXX	XXX
	Tip thickness (a) mm	0.6	0.8	1.0
	Blade length mm	100	100	125
	Overall length mm	181	198	223

Insulation Ø matches the blade Ø for optimum access e.g. for spring terminals.

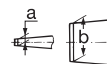

new Size = Number of wrenches		3
63H	66 3210 Wera Electrician's screwdriver set fully insulated with Kraftform handle	XXX
	1 each screwdrivers No. 66 3200 size	3.5 – 5.5

With 2-component power grip handle, fully insulated

Version: 2-component power grip with torque and comfort optimised grip zone. Blade made of high-alloy tool steel. From size 5.5 outside Ø of insulation is the same as tip width (helpful when working in narrow spaces).

Size = Tip width (b) mm		2,5	3	3,5	4	5,5	6,5	8	10
